Section 2: EX-99.1 (PRESS RELEASE)

Exhibit 99.1

ATLANTICUS REPORTS SECOND QUARTER 2018 RESULTS

ATLANTA, GA, July 30, 2018 - Atlanticus Holdings Corporation (“Atlanticus”, “we” or “us”) (NASDAQ: ATLC) today announced three and six months ended June 30, 2018 GAAP net income attributable to controlling interests of \$5.6 million and \$960,000, respectively, or \$0.41 and \$0.07 per fully diluted common share, respectively. This compares to three and six months ended June 30, 2017 GAAP net loss attributable to controlling interests of \$(8.8) million and \$(8.1) million, respectively, or \$(0.63) and \$(0.58) per fully diluted common share, respectively. As previously disclosed, second quarter 2018 positive results include the impact of our tax settlement with the IRS concerning the tax treatment of net operating losses we incurred in 2007 and 2008.

“We are very pleased with both the performance of our Fortiva® branded retail and credit card assets and our Auto Finance segment assets, both of which continue to deliver attractive returns and provide a continued avenue for significant growth. Our recent closing of a \$100 million revolving credit facility coupled with \$50 million in unrestricted cash provides us with the means to continue our growth,” said Jeff Howard, President of Atlanticus.

Atlanticus’s net interest income, fees and related income on earning assets was \$20.9 million and \$37.0 million, respectively, for the three and six months ended June 30, 2018 compared to \$9.0 million and \$29.1 million, respectively, for the same periods in the prior year. This growth was in part driven by the continued expansion of our retail and credit card operations, the assets of which grew over 44% between June 30, 2017 and June 30, 2018. Additionally, our Auto Finance segment assets grew over 9% between June 30, 2017 and June 30, 2018.

“Our strong growth demonstrates the ongoing demand we continue to see from consumers whose needs are not being met by traditional lending sources. We are leveraging over 22 years of operating history and investment in technology to allow our lending partners and us to bring valuable products to the financially underserved consumer in a responsible way. Through our technology-enabled platform, we combine a prime customer experience with tools to meet the unique needs of our customer base including assistance for periods of income disruption, unexpected expenses, and limited access to savings as we empower their path to improved financial health. Our advanced technology and sophisticated platform continue to differentiate us with retail partners across multiple segments including home improvement, elective medical, furniture and electronics and specialty retail as we meet their needs both in-store and online. Our continued expansion of marketing and retail partner distribution should result in growth in both our investments in receivables and revenue throughout the rest of 2018,” continued Mr. Howard.

Forward-Looking Statements
